Example Key Directives with potential impact on your firm or clients

Directives 2009/65/EC, 2010/43/EU and 2010/44/EU the UCITS IV package. These Directives restructure the legal framework for undertakings dealing with transferable securities.

Directives 2009/72/EC and 2009/73/EC the Energy package. The package recasts old Directives in the electricity and gas fields and brings new provisions to better regulate and monitor those markets.

Directives 2009/136/EC and 2009/140/EC the Telecoms package. The new package better regulates the sector and reinforces citizens' rights.

Directive 2009/138/EC Solvency II. The Directive restructures and improves supervision on companies dealing with insurance and reinsurance activities in the EU.

Directives 2010/84/EU and 2011/62/EU the Pharmaceuticals package. Part of the new pharma package these Directives deal with pharmacovigilance matters and counterfeit medicinal products, respectively.
